

EXCURSIONS

Samana -Cayo Levantado & Cascada Limón

You will start out towards the town of Miches, which has been growing touristically and go through the beautiful eastern coastal area, where cattle pasture and coconut trees predominate. This farm area is dedicated to raising cattle for milk and meat. This great scenery is the start of our adventure.

We find small towns and families on the way that are engaged in agriculture and fishing. You will head to the dock where you take a 30 minute boat ride to Cayo Levantado (Bacardi Island), where you will enjoy a Dominican lunch and take a relaxing swim in the crystal clear waters, or just take some sun rays on the white sands.

After a while you board the boat and head to Samaná, where transportation awaits to take you to the ranch. Here you saddle up and ride into the virgin forest along the banks of Rio Limon, down to Salto Del Limon. The 60 meter high waterfall awaits you for a refreshing and rejuvenating bath to take off the dust.
